## THE SAS BAND

The SAS Band (a.k.a Spike's All-Stars) was founded by Queen's keyboard player and musical director, Spike Edney. Each show features guest appearances by some of the music industry's most legendary recording artists, along with musicians who tour and record with some of the biggest bands in the world.

Phil Collins, Paul McCartney, Brian May, Rod Stewart, Bob Geldof and The Rolling Stones are a few members of the rockistocracy, who have requested Spike to put something memorable together for their wedding, or special occasion.

## HOW IT WORKS

Every SAS Band show is bespoke and tailored to suit your requirements.

Spike will work with each client to ensure the music and line-up are perfect for their entertainment program, based on event type, budget, audience, musical tastes, preferred genre and the artists the client would like to appear.

Whether you just want the ultimate 10 piece party band performing hits from the 60's to present day to get your audience up and dancing, or you'd like a line-up of nationally, or internationally known Rock and Pop stars, performing their biggest hits, Spike will create a truly unique performance just for you.

Roy Wood - ELO, The Move

## REPERTOIRE

The SAS Band can play songs from any era, or genre.

Whether it be a night of Classic Rock; 60's/70s/80s/90s hits; Pop Anthems; Motown Soul; Disco; Blues; current chart-toppers, or just a mix of great hits from across the decades, Spike will devise the ideal set list for the audience attending and artists appearing.

Every SAS show features a show-stopping climax with the entire line-up of guest artists and musicians performing an explosive finale!
